Music from
the Margins

Music Series

“There is a tension between the centre and the periphery... We must get out of ourselves and go toward the periphery.”

Pope Francis (2013)

This term our series is inspired by musical theatre with a focus on those often left at margins of society. Whether it's the colour of their skin, their sexuality, or gender, our music takes into account the prophetic voice of those who challenge our culture's dominant assumptions. We will hear from those at the margin to chart an alternative course towards the kind of human dignity and care of our neighbours that helps us all to flourish.

St John's musical programme is underpinned by our annual Choral Scholarship Scheme. Through a local charity, the William Gibbs Religious and Educational Trust, we support eight top postgraduate vocal students from renowned London music colleges (the Royal College and Royal Academy of Music, Guildhall School and Trinity College) who are already well established as recitalists and oratorio singers and can often be spotted on stage with Glyndebourne, Garsington and other world-class opera companies.

The variety and quality of St John's music is augmented by our recently-restored pipe organ and our professional orchestra, led by Jonathan Hill, a prolific performer and recording artist who also leads the band of Les Misérables in the West End. We use different combinations of instruments each week, from soloists to string quartets to full orchestra; all of our players are active with major London orchestras.
